2. Characteristic spirit and general objectives of the school

Loreto College Swords is a Catholic all girl's voluntary secondary school with a Catholic ethos under the trusteeship of the Loreto Education Trust. Loreto schools seek to provide an education that affirms the innate dignity of every human being created in God's image, and fosters the full and harmonious development of each student, encompassing the intellectual, physical, cultural, moral and spiritual aspects in an environment of justice, freedom, sincerity, truth and joy. The creation of a dynamic school community where every student is equally cherished and has a real sense of belonging is a priority in a Loreto school which draws its inspiration from Gospel values and the rich heritage passed on to us from Mary Ward and Teresa Ball, and enshrined in our documents on Loreto Education, including *Kolkata Educational Guidelines for Loreto Schools*, *Continuing the Journey: A Loreto Education* and *A Mary Ward Schools' Compass*. Students are encouraged to be reflective and discerning in the spirit of our Loreto and Ignatian tradition and continue to grow with integrity in right relationship with God, with other people and the environment.

Our philosophy of holistic education places the person of the student at the centre of the educational enterprise which nurtures the student's capacity to

“seek truth ... to love what is good ... to strive for excellence” (Teresa Ball) and joyfully engage with life-long self-directed learning in all its dimensions. In so doing, we are committed to preparing students to take their place in society as generous, confident, perceptive, well-informed, articulate and compassionate people ready to contribute to the common good.

Loreto schools welcome students of all faiths and of none while maintaining a Catholic ethos. Inter-faith and inter-cultural dialogue together with a spirit of inclusivity and the celebration of diversity are fostered in the school. In harmony with our characteristic spirit and recognising that care of faith and education are fundamental to the Loreto tradition, Religious Education is central to our curriculum and the faith formation of Catholic students is supported by the school in accordance with the doctrines, practices and traditions of the Catholic Church. Each student’s spiritual life is expressed and deepened through prayer, ritual in the cycle of the liturgical year, reflection on the profound link between faith and justice and creative engagement with the dialogue of faith and life communicated in nature, in science and in the arts.

In accordance with S.15 (2) (b) of the Education Act, 1998 the Board of Management of Loreto College Swords shall uphold, and be accountable to the patron for so upholding, the characteristic spirit of the school as determined by the cultural, educational, moral, religious, social, linguistic and spiritual values and traditions which inform and are characteristic of the objectives and conduct of the school.

Loreto College Swords Mission Statement

Our school recognises that each student is unique and has different gifts as well as different needs.

Our wish is to enable the release of this positive potential within each student by offering a relevant curriculum in a school community characterised by care and justice.

We do not regard our school as just an education establishment but, rather, a truly Christian community where the total curriculum aims to promote the growth and development of each student.

We recognise that each student’s development is closely linked to a good self-image and thus we emphasize the pursuit of excellence appropriate to each student so that she may develop, to the full, the particular abilities received from God.

We urge special concern for those who are emotionally, materially or intellectually disadvantaged.

Although we acknowledge that it is important for all students to strive to do well in public examinations, we do not wish preparation for such examinations to narrow the thrust of education to the accumulation of knowledge.

We encourage pupil involvement in decision-making and in projects directed towards student welfare, so that all share more fully in promoting the school’s basic philosophy.

We would like to develop in our student's attitudes and skills, which may help them to cope effectively with continuing change, which is a feature of our society. Within the curriculum, activities are designed to aid in the development of interpersonal and communication skills.

It is our wish that our students leave us with life-skills and attitudes which will enable them to lead lives satisfying to themselves and lives which may contribute to society.

SELECTION PROCESS**Procedures for offering places**

In the event that there are more Application Forms than places available in the relevant year, the Principal will apply the following criteria in the following order in the allocation of places.

First priority will be offered to students in Category A. As part of the Selection Process all places in Category A will be assigned prior to the Random Selection Process involving Categories B & C. If there are more than 25% of the applicants in Category A section VI then a random selection process will then take place. Unsuccessful applicants from Category A will be considered in Category B or C.

The number of places to be offered to students in each school in Category B and to all schools in Category C will be on a percentage pro-rata basis directly proportional to the number of valid forms received from each of the schools in Category B and from all the schools in Category C. (See example in Appendix 1.)

A random selection process will be used to select those students from each school in Category B to whom an offer of a place will be made. A similar but separate random process will be used to select those students from all schools in Category C to whom an offer of a place will be made.

The Principal, witnessed by a member of the Parents' Association and an Independent Observer, will oversee each of the random processes.

See Appendix 1

Random Selection Processes

In the event of surplus applicants in Category A Section VI then a random selection process will take place to choose the successful applicants

In the other Random Selection Process, places will be assigned to categories B & C. The name of each student entitled to participate in this selection process will be placed in four containers – one container for each of the schools in Category B and one container for Category C. A member of the Parents Association will draw names from each container, one by one, until the maximum number of places allocated for each school in Category B and all the schools in Category C is reached.

The order in which the names are drawn from the container will be recorded on a numbered list. Places will be offered in the order in which names are drawn from the container until the available places are filled.

The remaining names in each container will be placed in one single container and a second similar random process will take place to establish a single numbered waiting list.

Please Note: Where there are Application Forms from two or more sisters in the one random selection process, then upon the selection of one of their number, all of the sisters are deemed selected. Where there are insufficient places available in the relevant sub-category or category, the name(s) of that sister(s) is automatically placed at the beginning of the single numbered waiting list.

The Principal will allocate the 120 places to Categories A, B and C and allocate a place on the single waiting list to the remaining applicants.

7. What will not be considered or taken into account

- (ii) whether or not you have applied for and awaiting confirmation of an offer of admission from another school or schools, and if so, you must provide details of the other school or schools concerned.

11. Circumstances in which offers may not be made or may be withdrawn

An offer of admission may not be made or may be withdrawn by Loreto College where—

- (i) it is established that information contained in the application is false or misleading.
- (ii) an applicant fails to confirm acceptance of an offer of admission on or before the date set out in the annual admission notice of the school.
- (iii) the parent of a student, when required by the principal in accordance with section 23(4) of the Education (Welfare) Act 2000, fails to confirm in writing that the code of behaviour of the school is acceptable to him or her and that he or she shall make all reasonable efforts to ensure compliance with such code by the student; or
- (iv) an applicant has failed to comply with the requirements of 'acceptance of an offer' as set out in section 10 above.

12. Sharing of Data with other schools

Applicants should be aware that section 66(6) of the Education (Admission to Schools) Act 2018 allows for the sharing of data between schools in order to facilitate the efficient admission of students. Section 66(6) allows a school to provide a patron or another board of management with a list of the students in relation to whom—

- (i) an application for admission to the school has been received,
- (ii) an offer of admission to the school has been made, or
- (iii) an offer of admission to the school has been accepted.

13. Waiting list in the event of oversubscription

In the event of there being more applications to the school year concerned than places available, a waiting list of students whose applications for admission to Loreto College were unsuccessful due to the school, being oversubscribed will be compiled and will remain valid for the school year in which admission is being sought.

Placement on the waiting list of Loreto College, Swords is in the order of priority assigned to the students' applications after the school has applied the selection criteria in accordance with this admission policy.

Offers of any subsequent places that become available for and during the school year in relation to which admission is being sought will be made to those students on the waiting list, in accordance with the order of priority in relation to which the students have been placed on the list.

14. Late Applications

All applications for admission received after the closing date as outlined in the annual admission notice will be considered and decided upon in accordance with our school's admissions policy, the Education Admissions to School Act 2018 and any regulations made under that Act.

Late applicants will be notified of the decision in respect of their application not later than three weeks after the date on which the school received the application. Late applicants will be offered a place if there is a place available. In the event that there is no place available, the name of the applicant will be added to the waiting list.

15. Procedures for admission of students to other years and during the school year

Where parents wish to make an application for their daughter to a year group other than First Year or during the school year, they should in the first instance fill in an Application Form. An offer of a place can only be made if there is space in the year group in question. A decision on whether a place can be offered will be conveyed to the parents within 21 days of the initial application. Applications made for a place in Transition Year or Fifth Year in the forthcoming academic year will be refused until the Principal has established the number of available spaces in each of these year groups, which will depend, in turn, on the number of existing Third Year students who progress to either year group. Such applications will be placed on a waiting list in date order of receipt until the number of available places in the relevant year group has been established by the Principal.

Before accepting the offer of a place in the school the parents and their daughter are strongly advised to attend a meeting with the Principal and/or Deputy Principal to ascertain whether there is a place available in the particular subject classes required by their daughter. The fact that there may be a space in a year group would not automatically mean that there is a place available in a particular subject class at the level required by the student. This is because class size is limited in certain subjects. For this reason, parents and their daughter are strongly recommended to attend a meeting with the Principal and/or Deputy Principal to ensure that a transfer to the school would be in the best interests of their daughter given the curricular provision, subject choices/levels and facilities available at the time.

Acceptance of an offer of a place by an applicant to a year group other than First Year or during the school year:

The parents must confirm their acceptance in writing of an offer of a place within two weeks of the date of the offer of a place.

In accepting an offer of admission from Loreto College Swords, the parents must indicate—

(i) whether or not they have accepted an offer of admission for another school or schools. If they have accepted such an offer, they must also provide details of the offer or offers concerned and

(ii) whether or not they have applied for and awaiting confirmation of an offer of admission from another school or schools, and if so, they must provide details of the other school or schools concerned.

Parents should be aware that failure to disclose this information on the acceptance of a place may lead to an offer being withdrawn by the school.

Circumstances in which offers of a place in a year group other than First Year or during the school year may not be made or may be withdrawn:

An offer of admission may not be made or may be withdrawn by Loreto College Swords where—

- (i) it is established that information contained in the application is false or misleading;
- (ii) an applicant fails to confirm acceptance of an offer of admission within two weeks of the date of the offer of a place;
- (iii) the parent of a student, when required by the Principal in accordance with section 23(4) of the Education (Welfare) Act 2000, fails to confirm in writing that the Code of Behaviour of the school is acceptable to him or her and that he or she shall make all reasonable efforts to ensure compliance with such code by the student;
- (iv) an applicant has failed to comply with the requirements of 'acceptance of an offer' as set out above;
- (v) the admission of the applicant would pose a significant risk to the health and safety of the applicant or students and staff of the school, or risk significantly interfering with the right of other students to an appropriate education. The Board of Management has a duty of care to ensure as far as practicable the health and safety of the students and staff of the school. In addition, the Board of Management is required under section 15(1) of the Education Act 1998 to provide, or cause to be provided, an appropriate education for each student at the school for which that board has responsibility; or
- (vi) the application is made for a place in Transition Year or Fifth Year in the forthcoming academic year **before** the Principal has established the number of available spaces in each of these year groups, which will depend on the number of existing Third Year students who progress to either year.

Oversubscription to the year group other than First Year:

In the event of there being more applications to the year group other than First Year than places available, a waiting list of students, whose application for admission to the particular year group has been refused, will be compiled and will remain valid for the school year in which admission is being sought.

Placement on the waiting list will be in the order of priority assigned to the students' applications after the school has applied the selection criteria in accordance with this admission policy see Section 5 above. The order of receipt of a properly completed Application Form will determine the position on this waiting list within each of the criteria. In the unlikely event that there are two or more students tied for a place or places in any of the selection criteria categories set out in Section 5 above, then the position on the waiting list (for places in a year group other than First year) will be determined by a lottery process overseen by the Principal and Deputy Principal.

Offers of any subsequent places in the year group other than First Year that become available during the school year will be made to those students on the waiting list, in accordance with the order of priority in relation to which the students have been placed on the list.

Sharing of Data with other schools:

Applicants should note that the provisions of Section 11 above relating to the sharing of data with other schools will apply in all cases where an application is made to a year group other than First Year or during the school year.

16. Declaration in relation to the non-charging of fees

The board of Loreto College, Swords or any persons acting on its behalf shall not, except in accordance with section 64 of the Education (Admission to Schools) Act 2018, charge fees for or seek payment or contributions (howsoever described) as a condition of-

- (a) an application for admission of a student to the school, or
- (b) the admission or continued enrolment of a student in the school.

17. Arrangements regarding students not attending religious instruction

A parent of a student, or a student who has reached the age of 18, who wishes to attend Loreto College Swords without attending religious instruction should make a written request to the Principal. A meeting will then be arranged with the parent(s) or the student, as the case may be, to discuss how the request may be accommodated by the school. This matter will then be addressed following the Loreto College Swords RE policy.

18. Reviews/appeals

Review of decisions by the board of Management

The board will conduct such reviews in accordance with the requirements of the procedures determined under Section 29B and with section 29C of the Education Act 1998.

Note: Where an applicant has been refused admission due to the school being oversubscribed, the applicant **must request a review** of that decision by the board of management prior to making an appeal under section 29 of the Education Act 1998.

Where an applicant has been refused admission due to a reason other than the school being oversubscribed, the applicant **may request a review** of that decision by the board of management prior to making an appeal under section 29 of the Education Act 1998.
