

Arrangements During School Closure

The school has been preparing for this eventuality.

- All students and teachers have an individual school email address and using Microsoft 365 many teachers have the means to communicate with students remotely. Parents/guardians should check in with their daughters daily on work received and completed.
- Third Year and Transition Year students should complete their subject choice on VS ware and this will remain open for completion until 23 March 2020. If you experience any difficulty in accessing this form on the VS ware system please email your daughter's subject choice to the school at office@loretoswords.ie – ensure you put your daughter's name on the email and the choice of subjects from 1 to 6 in order of preference. Please note that if your daughter has applied for Transition Year you should still complete the options form. Due to the high numbers of students who applied for Transition Year this year, the decision as to the feasibility of having two TY classes must be looked at in terms of staffing, subjects etc. and in this regard parents will be notified as soon as a decision is made.
- The only information to hand from the State Examinations is that Irish Orals and Home Economics practical's scheduled for the week of 23 March have been postponed. As we receive further information we will notify parents of developments via the school webpage.
- The Mock Music practical's scheduled to take place on Saturday, 14 March are now cancelled.

The care of the students' learning and welfare is at the heart of all that we do. We appreciate your ongoing co-operation and support as we work together as a whole community.
